Type no more than a one-page essay which clearly states your reply to the two questions below (about two paragraphs single-spaced). **Staple your essay** to this application and submit by the deadline.

Answer the questions below by stating the main reason why you want to become a nurse and an honest appraisal of why you should be admitted to the nursing program. This essay is read by a member of the nursing admissions committee. Its quality can have an influence on your final ranking points.

1. Why do you want to become a registered nurse? What meaning would it have for you to be a registered nurse?

2. Why should the NUR Admissions Committee admit you to the UPIKE nursing program? What strengths will you bring? Use examples if appropriate.

The A.D.N. program has approval status from the Kentucky Board of Nursing (KBN). The KBN may delay or deny anyone who has been convicted of a felony or a misdemeanor from taking the nursing licensure examination. The university and affiliating agencies may require a criminal background check and drug screen. These agencies have the right to deny a student's clinical placement based upon findings of the criminal background check or drug screen. Should this situation occur, the school of nursing does not guarantee the student's placement in the nursing program or at an alternate site and the student may need to withdraw from the program.

Progression in the nursing program is dependent on completion of required activities by deadline dates, adherence to nursing program policies, minimum standardized testing scores, completion of required remediation, "C" or higher grade in pre-/corequisite and nursing courses, and final "Satisfactory" rating in the clinical portion of nursing courses.

It is the policy of the university that no student shall be excluded from participating in, be denied the benefits of, or be subjected to discrimination in any program sponsored by the university because of gender, race, religion, sexual orientation, age, handicap or national origin. Students with disabilities requiring accommodations should contact the Disabilities Resources Office located in the Student Services Counselor's Office. Accommodations are made on an individual basis according to documented need.

I affirm that all information supplied in the application is complete and accurate. I understand that withholding or giving false information will result in my being ineligible for admission to the nursing program. My signature indicates my understanding of the statements on this application.
