Students applying for readmission (only necessary if one semester or more has passed since original admission) should write a *letter of petition* to the Nursing Admissions Committee explaining failure to progress in the nursing program and what has been done to remedy the situation and attach letter of petition to this application. These letters are read by the committee members and considered in the decision to readmit. They should, therefore, be well crafted. Students applying for *readmission* do not have to repeat any entrance exam. Only one nursing course failure/readmission to the nursing program is allowed.

Students applying for transfer from another nursing program must be eligible for readmission to their original program of nursing. Depending on reason for transfer, there may be only one admission (no opportunity for readmission) to the Elliott School of Nursing offered.

The KBN may delay or deny anyone who has been convicted of a felony or a misdemeanor from taking the nursing licensure examination. The university and affiliating agencies may require a criminal background check and drug screen. These agencies have the right to deny a student's clinical placement based upon findings of the criminal background check or drug screen. Should this situation occur, the school of nursing does not guarantee the student's placement in the nursing program or at an alternate site and the student may need to withdraw from the program.

Progression in the nursing program is dependent on completion of required activities by deadline dates, adherence to nursing program policies, completion of required remediation based on standardized tests, "C" or higher grade in pre-/corequisite and nursing courses, and final "Satisfactory" rating in the clinical portion of nursing courses.
