A criminal background check and drug screen may be required of all nursing program applicants. The University of Pikeville and its affiliating agencies have the right to deny a student’s admission or clinical placement based upon findings of the criminal background check or drug screen. Should this situation occur, the student will need to withdraw from the RN-BSN program.

Progression in the nursing program is dependent on a current, unencumbered RN license, completion of required activities by deadline dates, adherence to nursing program policies, and a passing grade in pre-/co-requisite and nursing courses, including those NUR courses that require a practicum.

It is the policy of the university that no student shall be excluded from participating in, be denied the benefits of, or be subjected to discrimination in any program sponsored by the university because of gender, race, religion, sexual orientation, age, handicap, or national origin. Students with disabilities requiring accommodations should contact the Disabilities Resources Office located in the Student Services counselor’s office. Accommodations are made on an individual basis according to documented need.

I affirm that all information supplied in the application is complete and accurate. I understand that withholding or giving false information will result in my being ineligible for admission to the nursing program. My signature indicates my understanding of the statements on this application.
