- Notes:
- (1) The Transfer-Out Rate includes students in the sub-cohort who transferred to another institutional of higher education after ceasing to enroll at the University according to subsequent enrollment data obtained from the National Student Clearinghouse (NSC).
  - (2) The completion rate only pertains to that share of the total first-time, full-time freshmen who entered the University in the fall term that year who indicated they were intending to complete baccalaureate (4-year) degree programs. Does not include those first-time, full-time freshmen who indicated they were intending to complete associate (2-year) degree programs. Percentages may not add up to total due to rounding.
  - (3) The Enhanced Completion Rate includes students in the sub-cohort who not only graduated from the University of Pikeville, but who were reported to have graduated within this time frame by the NSC at another institution of higher education.
