

# THE UPIKE ONLINE BOOKSTORE

Question about how to access your digital textbooks?

Visit [UPIKE.TextbookX.com/Help](https://UPIKE.TextbookX.com/Help) or call **1-866-271-8063**

**Where do I locate a full list of my digital course materials?**

Log in to the bookstore website and click on your username on the top right. Then click "eLibrary."

The eLibrary keeps a record of all your digital materials, codes, and links to the publisher platforms that host the digital materials. VitalSource and Cengage Unlimited are two common platforms.

**How do I access/ redeem my digital course materials?**

You will be emailed access instructions for your materials. Instructions are also in the eLibrary. You will redeem and access materials through the publisher platform (VitalSource, Cengage, etc.).

If you are new to using one of these platforms, you will need to make an account. If you have used them in the past, use the same account.

**I keep getting errors when I try to access my materials**

1. Check to make sure you have the correct access code (look at your eLibrary account in the bookstore).
2. Use only one account to access your materials (i.e. one login account for VitalSource, one for Cengage Unlimited, etc.).
3. Contact the UPIKE Online Bookstore if you are still having issues. [UPIKE.TextbookX.com/Help](https://UPIKE.TextbookX.com/Help)
