Position: Assistant or Associate Professor of Information Technology Management
Department: Coleman College of Business

The University of Pikeville (UPIKE), the Leading University in Central Appalachia, is seeking applicants for a full-time, nine-month regular faculty appointment in the field of Information Technology Management (ITM), or Business Administration with a focus in IT, or related field. Rank and salary will be based on qualifications. Applicants must have a strong commitment to teaching in a small university setting and the ability to work effectively with others in a collegial environment dedicated to student learning. The position also requires advising undergraduate students, providing service to the college and community, assisting with program activities, and continuing professional growth and development. A doctorate in Information Technology Management, or Business Administration with an IT focus, or related field from a regionally accredited institution is preferred and teaching experience is desired.

Current Program Need:

Faculty to teach undergraduate and graduate level courses in ITM.

Strong communication and presentation skills.

Ability to mentor students and collaborate on industry projects.

The Coleman College of Business (CCOB) awards associate, baccalaureate, and master's degrees in business administration, as well as a Bachelor of Science degree in Information Technology Management. Additionally, a minor in entrepreneurship is offered.

The Master of Business Administration has four specializations: professional, healthcare, entrepreneurship and strategic communication.

The University of Pikeville offers a competitive salary commensurate with qualifications and experience. UPIKE offers a competitive benefits package including medical, dental, vision, and life insurance, telemedicine, long term disability, tuition waivers, a 403(b)-retirement plan, and HSA, FSA, & dependent care accounts.

Responsibilities:

1. Teaching the assigned ITM course, this includes lecture notes, presentation prep, exam questions prep, and syllabus prep.

2. Participating in and recommending curriculum development and evaluation.
3. Providing tutoring for students on an as-need basis.
4. Responsibilities for all other duties as assigned by the Dean.

Requirements:

- A Ph.D. (preferred) or Master's degree in Information Technology, Computer Science, Information Systems, Artificial Intelligence, Data Sciences, or a related field.
- Relevant industry experience in IT strategy, cloud computing, cybersecurity, business intelligence, or digital transformation.
- Proven teaching experience at the college/university level (preferred).
- Professional certifications such as PMP, CISSP, AWS, ITIL, or CISM are a plus.

Important Notes: Resume and other application materials will be reviewed to determine if you meet the required qualifications for the position. If it is determined that you meet the required qualifications, your application materials will be used to identify a top group of the most highly qualified candidates. The applicant should specifically address their qualifications and competencies in the resume and application materials. **Please submit unofficial transcripts with application.**

The University of Pikeville is committed to providing a safe and productive learning, living and working community. To achieve this goal, background investigations will be conducted for all finalists being considered for employment. Background investigations include a criminal history record check, and when appropriate, a financial and/or motor vehicle history.

The University of Pikeville is an equal opportunity employer committed to assembling a diverse, broadly trained faculty and staff. The University of Pikeville does not discriminate on the basis of race, ethnicity, color, sex, gender, gender identity, sexual orientation, religion, national origin, age or disabilities in its programs, activities, hiring, or the admission of students.

For more information about the University of Pikeville, please visit http://www.upike.edu. Interested applicants should complete the online application by visiting https://www.upike.edu/offices/human-resources/careers/. In addition to the application, interested applicants are requested to attach to their application a letter of interest, current curriculum vitae, copies of their transcripts, a teaching philosophy statement, and the contact information for three to five professional references.

* In lieu of a tenure system, the University of Pikeville uses a "regular faculty appointment" system consisting of up to four years of one-year renewable probationary appointments followed by a series of regular three-year rolling appointments.
