

REACHING NEW HEIGHTS

UNIVERSITY OF PIKEVILLE

Tanner College of Dental Medicine

Appalachia has some of the worst oral health outcomes in America.* To address the mountains' growing oral health crisis, the University of Pikeville will open the **\$60 million Tanner College of Dental Medicine (TCDM) in 2026.**

KENTUCKY
RANKS

49th
IN ORAL HEALTH.**

We need your support to help make it happen.

- **Expanding Access to Care** – The Tanner College of Dental Medicine will provide comprehensive dental services to underserved populations, including pediatric and special needs patients, improving oral health outcomes across Appalachia.
- **Training the Next Generation of Dentists** – Our state-of-the-art program will educate and prepare skilled, compassionate dental professionals who are committed to serving rural and medically underserved communities.
- **Advancing Community Wellness** – Through innovative care, outreach programs, and clinical partnerships, we are dedicated to addressing oral health disparities and enhancing overall health in Eastern Kentucky and beyond.
- **Leveraging Cutting-Edge Technology** – Equipped with state-of-the-art digital imaging, 3D printing, and advanced treatment tools, our clinic will enhance patient care, increase efficiency, and help bridge the gap in desperately needed dental services.
